KSM 155 PRO

**SHEET METAL FORMING
FOR PROFESSIONALS**

The original shrink & stretch tool is the KSM-155 PRO. You easily shrink and stretch metal up to 16 gauge. A radius as small as 1" can easily be achieved in steel, aluminum and similar metals. The jaws and essential moving parts are all made out of hardened high quality tooling steel giving an optimal lifespan. KSM-155 PRO is delivered with 2 jaw kits. One kit for shrinking and one kit for stretching, tools for changing jaws, floorstand and footpedal. for more information and ordering visit our website at www.jstools.se
